### Are Video Games Good for Youngsters?

Today, many young people play video games on their electronic devices, at home, at their friends' houses and many of them say that playing video games is their favorite activity. These games are good for young people because of several reasons.

First of all, **I think that** video games are a good way to train your brain. There are many popular games in which players need to have high levels of thinking, follow instructions, solve complex problems and use logic. **In my opinion**, these games are fun, and you can learn many things from them. **Moreover**, you can play them with friends online, so you can hang out and socialize even if you have long-distance friendships.

**In addition**, you can learn a lot of new English words if you play video games. **Some people think that** you learn best in classes and while listening to music or watching films. Although this is true, there are many excellent students who learn English from video games because they spend most of their free time playing.

**Finally, I believe that** video games are good because they are fun and intelligent. I think that they are a good alternative to communicate with friends when you can't see them in person and learn many new things together.
